

Transformer
Economic Series
Low Voltage Lighting Project

Key Features & Benefits

Our mini transformer uses the latest AND the best electrical technology with greater reliability and high efficiency and high efficiency for budget low voltage indoor or outdoor lighting application.
ETL 1836 Listed with 3 years no-hassle warranty

Technical Specifications:

Model Name	JQ-TRANSMINI-18W-12V
Photo	
Power Output	18Watts
Operation Voltage:	120V 60Hz
Output Voltage:	12V
Dimensions:	3.25"x1.5"x1"
Weight:	
Safety Certification:	ETL Listed

Notes: Wattage +/- 10% ; Lumen Values +/- 300lms. CRI +/- 5%
